Announcement: Farewell and Thank You

Dear Kawaii Saki Community,

It is with a heavy heart that I share this news with you. Due to copyright issues, my YouTube channel, Kawaii Saki, will be permanently deleted on December 13, 2024. While this marks the end of this chapter, I want to take this moment to express my deepest gratitude to all of you, the viewers, supporters, and friends who have stood by me on this incredible journey.

To my longtime followers, your unwavering support has meant the world to me. From the very first video to the most recent upload, your encouragement, kind comments, and love have been the driving force behind everything I've done. Although there are some harsh comments, it's okay, instead it give me the motivation to improve and strive to create even better content. Constructive feedback, whether positive or critical, has always been a driving force in my journey, helping me grow as a creator and as a person. I am truly blessed to have been part of such a wonderful and caring community.

I would like to give a special shoutout to some of the amazing people who have been with me throughout this journey:
@saicharan.durusetti, @husaini8009, @MASTERCRAFT938, @sharkk127, @Godzilla-tu2cd, @hartantoanggoro, @Blackdark22, @arghost9798, @dankdaze42069, @raiznsisig and many other subscribers. Your consistent support and kind words have motivated me to create better content and keep pushing forward.

Although this channel is coming to an end, this is not goodbye. I'll be sharing further updates, announcements, and future plans on my Facebook page, so please stay connected there for more information. Your continued support will help me start anew and bring even better content in the future.

And for those who know me well, you'll recognize me when you find me again. Keep an eye out—I won't be far!

Thank you once again for being part of Kawaii Saki. You are the heart and soul of this community, and I will never forget the memories we've created together.

With love and gratitude,
Kawaii Saki

Hiratsuka-sensei's honest feelings... 💕

Sauce: Yahari Ore no Seishun Love Come wa Machigatteiru - Hiratsu Kawaii Shizu Kawaii (Doujinshi)
Author: poipoipoita

Hi guys!

We can finally address our disappointment with the ending of Oregairu. It seems most people prefer Hiratsuka-sensei over the other heroines. Her wisdom, strength, and unique charm have won over many fans. We want justice and a happy ending for Hiratsuka-sensei, the one she truly deserves.

I'm incredibly grateful to "Poipoipoita" for creating this doujin. And here's some exciting news: I'm almost finished dubbing the part where Hiratsuka-sensei and Hikigaya end up together! I'll be uploading the video on Monday at the usual time.

Stay tuned!
